Reimagining Rural Spaces in Europe

After two years exploring the evolving nature of European rural areas, the NERU consortium (Erasmus+ 2022-2025) organizes a symposium in Brussels, "Shifting Ruralities" on July 3-4, 2025.

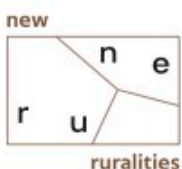

The symposium invites a reflection on the processes and actors shaping contemporary rural spaces in Europe. It welcomes insights from all traditions and disciplines in six thematic panels, dedicated to rural migration and emerging lifestyles, pluriversal rural representations, rural economic revitalization by care, the co-design of rural liveability, the decolonization of post-human rural spaces, and local counter-globalization responses.

Submission deadline abstracts
February 10th, 2025

Notification of Acceptance
March 10th 2025

Submission of full papers
June 10th 2025
